

3:45: Stuff starts

3:45: Constitution stuff continued

- Election stuff
 - Don't really know what we're going to do next year
 - Liked the way that we ran the elections this year
 - We're probably going to start elections on 2nd week of May instead of at the beginning of the year so that freshman can get a little excited about it after going to state
- Amendments stuff
 - Amendments used to have to be shared with all classes
 - Changed to just latin club because nobody really seems to care
- Certamen
 - Tryouts used to be during late november
 - Changed to early november so that we can give the team more time to practice together

3:54: Certamen general

- Still no machines
- Mags will start introducing certamen next week friday
- A new position has been unlocked: Certamen Coordinator
 - So stay tuned for more election stuff

3:54: Constitution was voted in

3:55: Deca used to provide food for thanksgiving, they aren't doing it anymore

- we're probably going to take on that as a service project

3:57: Homecoming stuff

- We have the chariot again
- God has a couple pairs of armor which people can wear (Hackmaster Frances and me)
- God and Matt will start pulling the chariot, but people are probably going to take over as it goes because it's pretty heavy
- come to club next week for more info on homecoming

3:58: Nobody brought fundraising ideas for Caleb

4:00: Stuff ends
