  - Post homecoming also because people are feeling school spirit
- Sponsorship t-shirts
  - We have sponsors

3:48 Scoopy night at Culver's

- Do this for 6 hours
  - Two 3 hour shifts
  - 5 people per shift (10 total)
- Wait on people at Culver's
- Get percent of earnings and tips
- We need to find manager who will be willing to do this
  - I.e. understaffed Culver's

3:50 Biking Service

- September 18
- We would be handing out water and registering bikers at biking marathon thing
  - Not enough people are free
- We can do some other kind of service

3:52 Constitutional Loophole

- Allows people to run for office as seniors
  - People who will be super seniors would still be allowed
- Jeopardy music ensues as Frances looks for the specific wording in the constitution

- Caleb's pitch was very off
- Article IV section 2 and section 5
  - Common sense when reading this will prevent seniors from running
    - And nobody will vote for seniors
- We have a literate secretary who has, in fact, read parts of the constitution
- Frances motions not to amend this loophole
  - Motion passes

### 3:58 Signs for cheers

- We want to get some signs ready for homecoming
  - Gel pens, string, glitter, glitter pens, glitter glue, craft glitter, etc.
    - Lots of glitter products
    - But we don't want glitter that falls off signs because Inn on the Park and Union South would be pissed
  - We want signs for convention and homecoming
  - Would we laminate the signs?
    - Could just wrap in clear tape
  - Permanent signs vs. yearly signs
    - Could be tradition
      - Go on the cheap side if we want to do yearly signs
    - What do the children think?
      - Make some permanent signs for homecoming and convention in school colors and make some yearly signs tailored to the year's theme
      - Permanent signs would be laminated
