recap: spirits are hippies and cereal. why?? we don't know

loren has an idea for the cereal spirit: invent cereal brand and make it classical.

cole wants to merge it: board members represents certain brand of cereal and then each grade can be a cereal related thing

coleman, parny and hope have a cereal list: trix, frosted flakes, cocoa puffs, fruity pebbles.

we could have tie dye shirts

mags has a tiger costume if we do frosted flakes. it's a lil weird

let's start narrowing down this list!

no cocoa puffs, lucky charms, invent our own

everyone gets 1 vote

fruity pebbles win
